

dimbodius lyrics | 2000-2005**WHILE WE FALL | Oct 04****not for you**

never play this game again
 never make me feel this way
 never useless old alone
 the sound's so deep
 don't let me go

don't turn away
 don't ever leave
 don't let them say
 you're not for me

never play this game again
 never look at me that way
 never broken cold in doubt
 hold my heart don't tear it out

don't turn away
 don't - it's not true
 don't let them say
 I'm not for you

compulsion

already wasted far too much
 to find the safety of your touch
 don't want to swim the turning tide
 oh I don't want to change you please
 just let me sit down by your side
 and I'll promise I'll always be
 close as the air you breathe

I know I know that I've done wrong
 this time of year I'm not that strong
 I let you falter let you doubt
 I was aching to feel your need
 I guess it's time I spelled it out

leave - run - but you know - isn't it so
 baby this love will follow
 out of my mind - every time
 I'll never stray from your side

I can't believe you still won't see
 I'm only what you made of me
 you cut my skin and got inside
 oh but baby you've gone too deep
 I couldn't leave you if I tried

leave, run but you know
 isn't it so - baby this love will follow
 out of my mind - every time
 I'll never stray from your side

yeah you can go
 but isn't it so - baby this love will follow
 out of my mind - every time
 I'll never stray from your side

december

out of my hands
 please understand
 these are the leaves of december

useless and old
 weak from the cold
 gone like the moments so tender

I'll be myself
 I'll be myself
 please be yourself
 please be yourself

darker the days
 the smile leaves her face
 slowly I've ceased to remember

snow turns to rain
 don't turn away
 gone with the promise I made her

I'll be myself
 I'll be myself
 please be yourself
 and please let me stay

hands let go

I'm outside
 you're outside
 changing lights
 saying this time
 this time

yes I know
 have to go
 one last try
 maybe this time
 this time

slowly aging
 time's not waiting
 loss alone remains
 say you're trying
 darling I still

feel your hands let go
 it has to mean something
 I feel your hands let go
 it's got to mean something
 don't lie

why so still
 why so pale
 close your eyes
 baby this time
 this time

slowly fading
 no one's staying
 how could I pretend
 say you're trying
 darling I still

feel your hands let go
 it's has to mean something
 I feel your hands let go
 it's got to mean something
 don't lie

things I say

you held my breath and I held yours
 you said you never felt so close
 then through the rainfall silence woke
 to tell me I was still alone

say you're lost without me
 say we must not fight it
 tell me it was all inside my head

if you could say it to my face
 that though it's really goodbye
 sometimes you feel you have no place
 sometimes you wish you could cry

say you're lost without me
 say we must not fight it
 say you won't believe the things I say

I held your heart and you held mine
 I never thought I'd let you down
 never thought I'd hear you say
 that you feel better this way

say you're lost without me
 say we must not fight it
 tell me it was all inside my head

words won't come without you
 say they're not supposed to
 promise me you'll make them go away
 the things i say

half a lover

was there a time when heaven held you
 was there a time you felt the air
 I'll have to ask are we still trying
 I'll have to ask do you still care

'cause every minute every hour
 every time in every way
 baby when will you discover
 that all you ever gave was pain

there was a time, I never told you
 I thought your lies were only fair
 there'll come a time without denying
 you'll turn around and I'm not there

'cause every minute every hour
 every time in every way
 baby you're not half a lover
 if all you ever give is pain

from a stone

it's not what I told you
 it's not what I'll say
 I brought you the reasons
 to find me a place
 a moment of silence
 a light in the shade
 but please love me

you know I can't give you
 the things you most want
 you know when I touch you
 it feels like I don't
 I've thousands of battles
 to fight on my own
 but please love me
 please love me

tears fall from a stone
 I wouldn't have asked had I known
 it feels this way to understand

you shouldn't have said it
 you'd get me across
 the greater the promise
 the greater the loss
 just say you'll remember
 whoever I was
 and please love me
 please love me

tears fall from a stone
 I wouldn't have asked had I known
 it feels this way to understand

nobody stays - nobody waits
 no one ever knows the way your feeling
 nobody stays - nobody waits
 no one really cares and then you're gone

breaking you

they watched the leaves that fell outside
 watched their lives passing by
 and from a distance it seems so clear
 but it's all different when you're here

and there were nights I was alone
 I knew we'd never make it through
 but it was never my intention
 breaking you

it's like the waves that never wait
 to wash away - see you fade
 and though it's strange - what's to say
 when you can't leave - and you can't stay

and there were nights I was alone
 I knew we'd never make it through
 but it was never my intention
 breaking you

for every choice I ever made
 a thousand choices thrown away
 for every thing I ever tried
 a million others set aside

and every dream I'll ever dream
 and everyone I'll ever be
 and everything you mean to me
 it's just not enough

everyone I'll ever know
 every place I'll ever go
 every feeling ever shown
 every wish this heart can hold

every morning every night
 every touch and every smile
 every minute of this life
 it's not what I hoped for
 I'll always be wanting more

homecoming

I will hold you, I will kiss you
 my arms will hold so tight
 you'll understand the way it feels
 to be alone

I will hold you, and then I'll tell you
 and my words will be so strong
 you'll understand just how I struggled
 on my own

and you will say I love you - now I'll stay
 you will say I'll never leave again

I will hold you, I will kiss you
 and love will light your eyes
 to let me know that I've forever
 found a home

yeah you will say I love you - now I'll stay
 you will say I'll never leave again
 and you will say - you'll never be alone
 I will live the the love I thought was gone

HANDS LET GO | Sep 04**exit**

love - and how she told me
 was it something in the way
 she made me smile
 words - and how she'd hold me
 like a longing for a world
 that never dies

once the air was so much warmer
 and the nights would never end
 now it seems we're so much older
 it's just harder to pretend
 I can tell it from the way you look you know
 the more you say it's nothing
 the more I think it's time I let you go

loss - and how she told me
 there was something in the way
 she wouldn't cry
 hurt - and how she'd hold me
 like a memory of the dream
 that passed us by

once this heart was so much younger
 and the looks you gave so bright
 now your eyes have lost their colour
 yeah the light is almost out
 can't you tell it from the way
 this madness grows
 the more you say it's nothing
 the more I know it's time I let you go

never said I'd always be here
 never said I'd always try
 never told you I'd be waiting all my life
 the more you say it's nothing
 the more I know it's time I let you go

seven twelve

4 am and waiting
 beginning of a day
 I watch your face in silence
 as hunger slips away

the miracle of living
 or a never ending pain
 it's hard to tell the difference
 when nothing stays the same

you think we'll make it
 you say we'll be ok
 but we might not know tomorrow
 what we don't know today

5 am and waiting
 I watch your colours fade
 cannot keep from thinking
 you're better off this way

never was a future
 there'll never be a past
 we'll fight love's desperation
 and make this moment last

'cause I don't think we're gonna make it
 don't say we'll be ok
 'cause we might not know tomorrow
 what we don't know today

HALF A LOVER | Feb 05

wasted

I tried but lies was all that I could find
 when all I ever hoped for disappeared
 I tried but why - you'll always be the one
 it's hard to fight the skies
 when you're not here
 and in your eyes the reason why
 to end this life without a sound

wasted all of my time
 wasted everything I liked
 wasted all that was mine
 wasted my life

so bright your eyes
 like stars against the sky
 the words I longed to whisper in your ear
 I tried but lies is all I'll ever find
 it's hard to even cry without you near
 and on your face that last embrace
 as lights go out without a sound

wasted all of my time
 wasted everything I liked
 wasted all that was mine
 wasted my life

cathedral

I know it's time
 that it's already ended
 and though it's right
 it will always feel wrong

there was no light till I met you
 there'll be no light when you're gone

and as we tried
 was it love we defended
 and through the lies
 didn't I let it show

I was no one till I met you
 I'll be no one when you're gone

NOT LOVE EP | Oct 00

struck by the sadness of love

it's all very clear to me now
 that we seem to have lost it somehow
 whatever it was I can't find it inside

for fear of another betrayal
 or of acting to good in this play
 the reasons don't matter
 the truth always lies

but it's so hard to drop it
 when we both want to try
 I remember you looking at me
 and that I almost cried cause
 your face was so beautiful
 struck by the sadness of love

too strange but it's all very clear
 you're gone but you'll always be here
 together we'll shatter what pieces we find

and if ever I don't understand
 I know you will give me your hand
 to show me the way
 leading out of my mind

there where everything's quiet
 I'm alone with the light
 I'll remember you looking at me
 and that I almost cried cause
 your face was so beautiful
 struck by the sadness of love

not holding on to nothing
 not wasting all my time
 your smile will keep me breathing
 until the end of all time

all or nothing

all or nothing
 nothing at all
 it was all for nothing
 never the same
 never again

one kiss
 two hands
 sheer bliss
 oh how I understand
 it's an innocent game
 but a monstrous claim
 never the same
 never again

wake me
 mistake me
 fake me
 but don't break me
 you never told me it was all

she says
 not why
 into the light
 she holds me like a child
 love of my life
 lost in a lie
 never the same
 never again

wake me
 mistake me
 fake me
 but don't break me
 you never told me it was all

love like this

whenever she's lying beside me
 whenever we fall through the rain
 whenever she talks
 like the woman she wants to be

whenever my love cannot save her
 and all of my words sound the same
 whenever she talks
 like she's never been close to me

no need to be so lonely
 please come to me
 but slowly
 I've never known love like this

until the end

walking slowly by the water
 the sun has never been so bright
 I know this world won't let me falter
 this day will never turn to night

changing colours make me weary
 and there is no need to pretend
 I whisper softly in your ear now
 I would have loved you until the end

and I can watch the sky for hours
 until I almost feel your hand
 I leave a message by the flowers
 I would have loved you until the end

not to be here

if I thought that you could stand
 I wouldn't hold you like I do
 if I thought that I could live my life
 with someone else than you
 as you turned your head to listen
 to what I could never say
 in a moment of regret
 I almost gave it all away

that I need you to love myself
 that I need you to be strong
 I'll do anything to make this disappear
 I'll do anything not to be here

if I thought that I could stay
 I wouldn't leave you like I do
 if I thought that in a million days
 just one we'd make it through
 and every morning as you whisper
 I must never let you go
 I would give away my life
 if only I could let you know

that I need you to love myself
 that I need you to be strong
 I'll do anything to make this disappear
 I'll do anything not to be here
